His Worship the Warden and
Members of the Council of the
Municipality of the District of Argyle

We have audited the accompanying consolidated financial statements of the Municipality of the District of Argyle, which comprise the statement of financial position as at March 31, 2018 and the statement of operations, changes in net financial assets and cash flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Municipality's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the consolidated financial position of the Municipality of the District of Argyle as at March 31, 2018, and the results of its operations, changes in net financial assets and cash flow for the year then ended in accordance with Canadian Public Sector Accounting Standards.

Municipality of the District of Argyle

Notes to the Consolidated Financial Statements

March 31, 2018

1. Summary of significant accounting policies

The consolidated financial statements of the Municipality of the District of Argyle are the representations of management prepared in accordance with Canadian generally accepted accounting principles for local governments, as recommended by the Public Sector Accounting Board ("PSAB") of Chartered Professional Accountants of Canada.

The focus of PSAB financial statements is on the financial position of the Municipality and the changes thereto. The Consolidated Statement of Financial Position includes all of the assets and liabilities of the Municipality.

Significant aspects of the accounting policies adopted by the Municipality are as follows:

Reporting entity

The consolidated financial statements reflect the assets, liabilities, revenues, expenditures in the financial position of the reporting entity. The reporting entity is comprised on all organizations and enterprises accountable for the administration of their affairs and resources to the Municipality and which are owned, controlled or proportionately controlled by the Municipality.

The Municipality has consolidated the following proportionately controlled entities:

- Yarmouth International Airport Corporation
- Yarmouth Area Industrial Commission
- Yarmouth & Acadian Shores Tourism Association
- Yarmouth County Solid Waste Management Authority

Interdepartmental and organizational transactions and balances are eliminated.

Budget

The budget figures contained in these financial statements were approved by Council on May 9, 2017 in its original fiscal plan; they also include budgets prepared and approved by controlled entities and are adjusted for amortization in accordance with Public Sector requirements. Note 18 outlines the original fiscal plan and the adjustments made to come to the budget figures shown in these financial statements.

Revenue recognition

- (a) Taxes are recognized as assets and revenue when they meet the definition of an asset, are authorized and a taxable event occurs, which for property taxes is the period for which the tax is levied.

At each financial statement date, management evaluates the extent to which its tax receivables are ultimately collectible and valuation allowances are used to reflect tax receivables at their net recoverable amount.

At each financial statement date, management evaluates the likelihood of having to repay taxes collected under tax measures that have been deemed authorized using the concept of legislative convention and recognizes a liability when required. Related refunds are accounted for in the period in which the change in estimate occurs.

Notes to the Consolidated Financial Statements

1. Summary of significant accounting policies (continued)

Revenue recognition (continued)

(b) Government transfers are transfers of monetary assets or tangible capital assets from a government to an individual, an organization or another government that are not the result of an exchange transaction, expected to be repaid in the future or expected to produce a direct financial return. Government transfers received are recognized in the financial statements as revenue when the transfers are authorized and all eligibility criteria have been met except when there is a stipulation that gives rise to an obligation that meets the definition of a liability. In that case, the transfer is recorded as a liability and recognized as revenue as the stipulations are met.

(c) Other revenue is recorded when it is earned.

Expenses

(a) Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation.

(b) Government transfers made to a recipient by the Municipality are recorded as an expense when they are authorized and the recipient meets all eligibility criteria.

Cash and cash equivalents

Cash and cash equivalents include cash on hand, balances with banks and short term deposits with original maturities of three months or less. Bank borrowings are considered to be financing activities.

Tax sale

Annually, the Municipality hosts a tax sale for properties whose owners are not up to date on their tax payments. The amounts from the proceeds of sale in excess of tax owing must be held for a period of 20 years. After the 20 year period of holding these funds in trust has expired, the cash will be transferred to the capital reserve. During the current year there were no transfers made from the tax sale amounts to the capital reserve.

Tangible capital assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost of the tangible capital asset is amortized on a straight line basis or declining balance basis over the estimated useful life as follows:

| <u>Asset type</u> | <u>Rate</u> |
|--------------------------------------|---------------------------|
| Land improvements | 25 years |
| Tennis courts | 15 years |
| Buildings | 2.5%, 5, 25, 40, 50 years |
| Wastewater infrastructure | 40 years |
| Streets, roads, sidewalks and trails | 8%, 25 years |
| Wind turbines | 20 years |
| Underground piping | 5-7 years |
| Contaminated soil site | 25 years |
| Wharves | 5% |
| Hangar | 4% |
| Organic compost bins | 10 years |

Municipality of the District of Argyle

Notes to the Consolidated Financial Statements

March 31, 2018

1. Summary of significant accounting policies (continued)

Tangible capital assets (continued)

Assets under construction are not amortized until the asset is available for productive use. Funding related to the purchase of tangible capital assets is recorded as revenue when received.

School assets

All school buildings on hand remain assets of the Municipality but are under the operational control of the school board until such time as the board no longer requires the asset for school purposes. At that time, control will revert back to the Municipality.

School buildings have not been recorded as tangible capital assets, as they are not currently under the control of the Municipality.

Use of estimates

The preparation of the consolidated financial statements in conformity with Canadian Public Sector Accounting Standards requires management to make estimates that effect the amounts recorded in the financial statements. Management reviews the carrying amounts of items in the financial statements at each fiscal year end date to assess the need for revisions. Items in preparation of these consolidated financial statements require management's best estimate based on assumptions that reflect the most probably set of economic conditions and planned courses of action.

These estimates are reviewed periodically and adjustments are made to annual surplus as appropriate in the year they become known.

Significant items subject to management estimates include:

| <u>Financial statement element</u> | <u>Management estimate</u> |
|------------------------------------|---------------------------------|
| Taxes receivable | Allowance for doubtful accounts |
| Payables and accruals | Accrued liability |
| Tangible capital assets | Useful lives |

Liability for contaminated sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when all of the following criteria are met:

- i. an environmental standard exists;
- ii. contamination exceeds the environmental standard;
- iii. the Municipality is directly responsible or accepts responsibility; and
- iv. a reasonable estimate of the amount can be made.

Management has reviewed potential sites where they feel a material liability may exist and has concluded there is no known liability at this time.

6. Water supply upgrade lending program

On January 16, 2017, Council adopted a bylaw which allowed for lending to qualified residents to dig or drill a new well on their property. This bylaw is enabled under legislation through the Municipal Government Act. All loans are considered first liens on the residential property, identical to municipal taxes. The loans are repayable monthly over a period of 10 years, and each individual loan is capped at \$15,000.

7. Land held for resale

The Municipality purchased and developed land for resale in the years 1985 through 1989. The costs are removed from the property accounts as land is sold and proceeds are recorded as revenue in the capital reserve.

During 2012, the Municipality re-acquired the Tusket Business Park property from the Yarmouth Area Industrial Commission in exchange for \$1. Of the lots re-acquired, two have been kept by the Municipality. The remaining eighteen lots were held for resale and as of March 31, 2018, eleven of the lots have been sold.

During 2015, the Municipality began marketing seven lots of residential park land in Wedgeport as available for sale. In 2017, one additional piece of residential park land was acquired by the Municipality with the intent to resell. Three lots of land have been sold as of March 31, 2018.

Municipality of the District of Argyle

Notes to the Consolidated Financial Statements

11. Tangible capital assets (continued)

In 1997, the former Yarmouth Airport Commission entered into an agreement with Transport Canada to transfer the airport assets and operations to the Yarmouth International Airport Corporation, which is proportionately owned by the Municipality. These assets have been recorded in these consolidated financial statements at \$1 as no fair value was available.

12. School capital fund

On January 1, 1982 the Municipality of the District of Argyle joined with the Municipality of the District of Clare to form the Conseil Scolaire-Clare Argyle-School Board. During the 1996-1997 year, these schools came under the operational control of either the Conseil Scolaire Acadien Provincial or the Southwestern Regional School Board. Under agreements with these school boards, all school buildings on hand at December 31, 1981 remain assets of the municipality but will be under the operational control of the district school boards until such time as the boards no longer require the assets for school purposes. At that time control will revert back to the municipality.

Assets meeting this definition include the Plymouth School, École Pubnico-Ouest, École de Wedgeport, and the School Bus Garage in Sainte-Anne-du-Ruisseau. In 2009, the Municipality wrote off the cost of school assets to reflect the new PSAB guidance on Tangible Capital Assets, which indicates that the assets do not belong to the Municipality until control reverts to them. This adjustment was made retroactively in 2009. Proceeds from the sale of these assets would be recorded in the capital reserve. As of March 31, 2018, Argyle has not received notice of intent to revert these assets to the Municipality.

13. Contingencies

Defined benefit pension plan

The Yarmouth Area Industrial Commission (the "Commission") is a co-sponsor of an individual pension plan (Note 15). The pension plan liability as outlined in the most recent actuarial report has been recorded on a proportionate basis in their financial statements, however, significant uncertainties exist surrounding the potential obligation for the pension plan due to South West Shore Development Authority's ongoing receivership and approvals related to the date of plan wind-up. Due to these significant uncertainties, it cannot be determined at this time whether the Commission will be required to fund the pension plan obligation for an amount in excess of what has been currently recorded. Based on the most recent actuarial valuation, the maximum potential obligation in excess of what has been currently recorded is approximately \$158,025 (2017 - \$158,025).

14. Commitments and contractual obligations

Organic waste collection and disposal contract

The Municipality has entered into a contract with Wasteco Ltd. for the handling and disposal of organic waste. The duration of the contract is five years commencing April 1, 2015 and the estimated annual payments for the next two years are as follows (excluding HST):

Domtex building demolition

On March 29, 2017, the Yarmouth Area Industrial Commission (the "Commission") entered into an agreement with a contractor to demolish the Domtex building. As of March 31, 2018, the demolition is 97.5% complete. The estimated costs to complete the demolition is \$107,285. The remaining balance has not been recorded as a liability as there has been no event obligating the Commission to a future sacrifice of economic benefits.

The Municipality's Council has passed a motion approving the funding of the demolition costs. The Municipality is responsible for one-third of the demolition costs.

15. Pension obligations

Defined contribution pension plan

During the year the Municipality matched contributions to their employees defined contribution pension plans at a rate of 5% of total wages. Contributions for the year totalled \$47,450 (2017 - \$44,826). As of March 31, 2018, there were no required future contributions in respect of past service and all contributions required under the plan had been funded.

Defined benefit pension plan

The Yarmouth Area Industrial Commission was a co-sponsor of an individual pension plan for a past employee. The plan provided pension benefits for services after January 1, 1995.

The actuarial valuation performed was calculated on a wind up basis as of June 11, 2010. At that time the pension plan had a deficit of \$158,025. The Commission is required to fund \$3,144 of the total pension deficit.

18. Budget figures

Public Sector Accounting Standards require a comparison of the results for the period with those originally planned on the same basis as that used for actual results. The fiscal plan in the statement of operations and statement of changes in net assets has been adjusted to be on a consistent basis as actual results. The adjustments below include netting school board appropriations and reduced taxes against tax revenues, reclassification of revenues and expenditures amongst categories, and the elimination of revenues and expenditures between the Municipality and its proportionately consolidated entities. Below is a reconciliation of the figures from the approved fiscal plan to the fiscal plan per the financial statement:

22. Previously closed landfill sites

The Municipality has landfill sites that were closed many years ago in accordance with the standards required at that time. Management believes that clean-up costs have been incurred in full, and thus has not recorded any additional liability. Any costs incurred in future years would be charged to operations in the fiscal year when the work is performed. A transfer of \$30,000 was made to and remains in the Special Reserve Fund - Capital Reserve Section in the 1995 - 1996 fiscal periods for future landfill closure costs.

23. Reserves

The following is the non-consolidated accumulated surplus of the reserves at the end of the year:

| | <u>2018</u> | <u>2017</u> |
|-----------|---------------------|---------------------|
| Operating | <u>\$ 3,054,951</u> | <u>\$ 4,095,940</u> |
| Capital | <u>\$ 3,472,329</u> | <u>\$ 3,760,340</u> |

The West Pubnico and Tusket wastewater operations are included in the non-consolidated operating fund. The accumulated surplus in these facilities is \$158,434 and \$39,329 respectively (2017 - \$125,296 and \$31,191 respectively).
