Councilors stipends and Council remuneration and Benefits Policy
CAO Muise presents the policy, and notes that it is the notice period at this time. The idea of the policy is to set stipends for Council by policy, while taking into account the recent changes in Federal Taxation law that eliminates a 1/3 non-taxable portion of stipends. There has been no adjustment in stipends in seven years. Also included in the policy is accountability for councilors who do not attend meetings. Reduction of opening bids-Tax Sale February 2019

Amendment of Mariners Center Agreement
The three municipal units of Yarmouth County agreed they wanted a closer connection to the Mariners Center governance. Thus, an amended document was created to include three council members as members, one from each municipal unit. This decision would
eliminate three public members as they would be replaced. Council discusses the selection of a new member of the Mariners Center Board, but it was determined this would be done in January 2019.

It is moved by Guy Surette and seconded by Kathy Bourque to accept the amendment to the Mariners Centre Agreement, resulting in one council member from each unit becoming voting members of the board.

Infrastructure funding-call for applications

CAO Muise presents a document that assesses all capital projects on our Capital Investment Plan or urgent matters rising from subsidiary municipal organizations. Only two projects appear to fit the eligibility criteria – the Water main replacement for the Yarmouth Area Industrial Commission (shared project) and the Wedgeport Septic Tank project – phase three of installations.

It is moved by Glenn Digdgon and seconded by Guy Surette that Staff, based on Council priorities, prepare an application for the Wedgeport Phase Three project for Council’s consideration, and reach out to our partners in the Yarmouth Area Industrial Commission to assess interest in a regional application for funding for the Domtex potable water project.
