To: Kathy Bourque  
Councillor for East Pubnico

The East Side Community Centre is in the process of purchasing a new commercial cooking stove and new flooring for our kitchen. The tiles on the floor are lifting, making it dangerous for whoever is using the kitchen. The stove is ancient and starting to cause us problems.

We are presently fundraising for these purchases, but estimates were higher than we expected. Therefore we are asking the Municipality if they would help us by making a donation towards our much needed items. Thanking you in advance.

Sincerely,  
Joanne Larkin President
