

Municipality of Argyle
Assessment of locations for potential public wells

	Cost to construct 0.3	Future Maintenance 0.25	Distance from existing service 0.1	Traffic Congestion 0.15	Water Access History 0.2	Total Score
Wedgeport Fire Hall	4	5	5	5	3	4.30
Tusket Administrative building	4	4	4	3	4	3.85
Eel Brook Fire Department (new)	5	5	4	5	3	4.50
Wedgeport School (former)	4	4	5	4	5	4.30
Quinan Fire/Community Hall	4	4	5	5	2	3.85
Hubbards Point Community Hall	4	4	5	5	4	4.25
Comeau's Hill - existing wells	2	2	5	5	5	3.35

Costs to construct	Lower cost or cost shared - 5 Highest cost - 1	Future Maintenance	Lower cost or shared costs Higher costs - non shared
Distance from existing service	Furthest distance 5 Service already close 1 (Pubnico, yarmouth)	Traffic Congestion	no concerns for traffic Traffic and parking concerns

Based on the following assessment, the Eel brook Fire Department (new construction) is the most suitable location, with one of two locations in Wedgeport being potentially ideal. The Hubbards Point Community Hall is also a reasonable option. The first round of public well construction, if that is in fact our course of action, should focus on Eel Brook and Wedgeport.
