

November 2021 Warden's Report

Oct 13. Choice Housing Committee Meeting

Oct 13. Meeting with group to finalize list of resources for the coldest months. The list is complete and will be distributed to various organizations and council for when and if you get calls from people requiring assistance

Oct 20. Meeting with la société touristique of Bon Temps. This is a group that was in place a few years ago and sort of dissolved the last year or so. There is interest to re-establish and get it back working especially with congrée mondiale coming up. I would be looking for a councillor to be able to sit on this committee as I feel I have enough and would rather have someone else take this one

Oct 26. Committee of the Whole meeting

Oct 27. Mayor, warden and CAOs meeting to discuss our next steps regarding the fishing dispute now that we have a new Minister of Fisheries. The new minister is Joyce Murray, MP from Vancouver. We will be setting up a meeting with her via zoom to bring her up to date on what the group's involvement has been regarding the dispute

Oct 27. Mariners Center committee meeting. Mariners on Main seems to be doing well. Already quite a few memberships have been bought. Still working towards setting up swimming lesson but not quick ready to offer those yet, maybe by December

Oct 27. Meeting with provincial mayors and wardens through NSFM. we were joined by John Lohr, minister of Municipal Affairs and Housing, deputy Minister Paul Lafleche and Mark Peck. Not a whole lot of information except to tell us that different programs were being introduced regarding housing etc

Oct 28. Met with office staff regarding plan of office operations in absence of our CAO.

Oct 29. In cameras meeting with council

Nov 3-5. NSFM fall conference. Theme, Reshaping the future together. This being a virtual conference worked well, but not the same as sitting in a room with the participants. There were some good session, and of course some not so interesting. On Friday morning I attended the NSFM AGM. Our new President is Mayor Amanda McDougall, Cape Breton Regional Municipality and Vice President Mayor Brenda Chisholm-Beaton, Town of Port Hawkesbury. Thanks to Deputy Warden Nicole and Councillor Ted for also attending the conference.

Nov 4. Nicole and I took time away from the conference to meet with Dept Heads to get an update on how things were going with the set up in Alain's absence. So far working ok
