

Request for Agenda Item

Date of Meeting: June 12, 2025

(Requests must be submitted to the Office of the CAO by end of the workday on the Monday before the meeting)

Subject: Mosquito Control programs.

Motion to be Considered: Contact the Halifax Regional Municipality (HRM) in order to see how they deal with their mosquito problem through their Integrated Pest Management Strategy (IPM).

Reason: 60% of homeowners are prevented from enjoying their outdoor summer activities due to mosquitoes. They disrupt outdoor activities and cause welts, itching and discomfort from bites. This prevents many people from spending time outdoors and participating in recreational activities. Mosquitoes not only cause a nuisance, they also pose a risk of transmitting West Nile virus.
