Request for Brush Cutting on Chemin Tour des Buttes

Dear Ms. Shand,

I am writing to formally request that the overgrown trees and brush along Chemin Tour des Buttes be assessed and cut back where necessary. The growth along this road has become excessive, and it is now creating safety concerns for motorists.

In particular, it has been noted that school buses are being struck by branches when they meet oncoming traffic. This presents a safety hazard not only for the drivers but for the children on board. The overgrowth is also reducing visibility and limiting the available space for larger vehicles to pass safely.

Given the frequency of use and the importance of this route, especially for school transportation, we kindly ask that maintenance crews be dispatched to trim back the trees and brush as soon as possible.

Thank you for your attention to this matter and your continued commitment to community safety.

Sincerely,

Nicole Albright
Warden
